

Olive Wood (CRUCIFIX with Holy Land Relics

Crafted in Bethlehem and Jerusalem – From the Heart of the Holy Land

**MOUNT OF OLIVES
TREASURY**

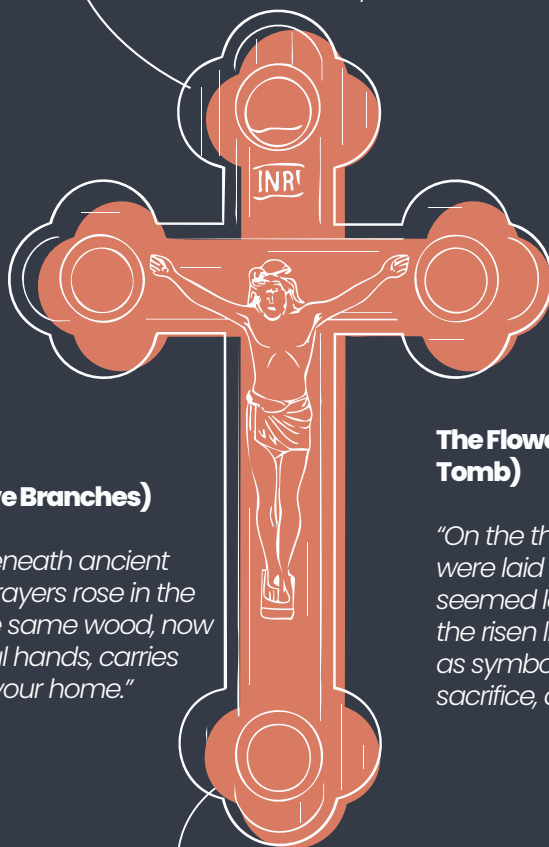

In the beginning, the Holy Land was blessed—its olive trees rooted deep, its stones bearing witness to faith and miracles.

Handcrafted in the Holy Land from genuine olive wood, this crucifix features a detailed figure of Christ and four inset relics symbolizing key elements of biblical tradition. Each relic—olive branch, stone, frankincense, and rose—represents a unique aspect of Christ's journey, from His prayer in Gethsemane to the promise of resurrection. Carefully made by Christian families, this cross is both a symbol of enduring faith and a living connection to the sacred sites of Jerusalem and Bethlehem.

The Offering (Frankincense)

"From distant lands, wise men brought gifts—frankincense, the sweet aroma of worship, offered in hope and devotion."

The Garden (Olive Branches)

"In the garden, beneath ancient olive branches, prayers rose in the quiet of night. The same wood, now shaped by faithful hands, carries that moment to your home."

The Flowers (Roses at the Tomb)

"On the third day, flowers were laid where hope seemed lost, only to greet the risen light. Roses remain as symbols of love, sacrifice, and resurrection."

The Rock (Stones, Matthew 16:18)

"Upon the rocks of this land, a promise was spoken: 'Upon this rock I will build my church.' Stones, gathered and held, become reminders of faith that endures."
